Subject: Reference for Jane Goodbody, Search4 Office Solutions

We were very fortunate to have been referred to Jane Goodbody of Search4 Office Solutions as a Project Manager for our recent office move. Jane successfully navigated us through the minefield that is a London office relocation, especially during a pandemic! Jane managed and coordinated the entire process, dealing with all the contractors, from main fit out, to furniture, audio-visual, IT and the JCT contract. Jane ensured that all of the contractors were on time and on budget and has delivered us an outstanding project and a new office space that we are delighted with and will be our home for the next 10 years.

I wouldn't hesitate to use Jane again in the future.
